Medical Care Coverage for Coaches

MEDICAL CARE COVERAGE OFFERED FOR USA SWIMMING MEMBERS

USA Swimming is pleased to announce an additional member service for its clubs and members. Through an agreement with **National Enrollment Services** (NES- Chicago, IL), USA Swimming is offering its members a personal (and family) medical insurance program offering comprehensive and affordable coverage available in all 50 states. These individually underwritten plans offer members several options of benefits coverage and additional options including life, accident and disability coverage based on our large group of USA Swimming members. Each health plan is written through financially sound companies (AMS, Conesco, CNA, etc), is comprehensive and subject to the usual limitations for pre-existing conditions and elective items.

Members interested in receiving a quote for medical coverage can contact National Enrollment Services at the toll free number (800) 966-6637. NES staff will return a proposal with the specific rate for each available plan to allow the member to select the price, coverage and deductible structure that best suits their needs - some plans may be paid for with pre-tax dollars. NES staff will be available to process the application and set up mode of payment, deliver a coverage certificate, answer questions relating to coverage and assist in clarifications with regard to any claims questions.

If you have questions or need additional information about the program please contact Carol Burch, Director of Member Services Division, USA Swimming National Headquarters at (719) 578-4578 or e-mail: cburch@usa-swimming.org.
